1986
ANNUAL
REPORT

CRIME IN FLORIDA

For Release
Tuesday, March 24, 1987

This publication is issued by the Florida Department of Law Enforcement as authorized by Florida Statute 943.05, to inform the Governor, Legislature, prosecuting authorities and law enforcement agencies of the nature and extent of crime in the State of Florida.

The Staff of the Florida Uniform Crime Reporting program is listed below. The compilation and layout of the data contained herein can be attributed to the efforts of these people.

CRIME IN FLORIDA
1986 Annual Report

Dear Governor and Members of the Cabinet:

The Department of Law Enforcement has completed the compilation of statewide crime statistics for the 1986 "Crime in Florida" report, and regretfully, I must inform you that the disturbing crime increase that plagued our state in 1985 continued throughout 1986. The total volume of index crimes in 1986 increased by 11.5% over 1985, with the crime rate (number of offenses per 100,000 population) increasing by 7.9%.

During 1986, Florida experienced the emergence of an easy to obtain, highly addictive form of cocaine known as "crack". It is hardly coincidental that we are experiencing increases in the commission of property crimes, e.g., robbery (up 20.6%), burglary (up 13.5%), larceny (up 9.6%) and motor vehicle theft (up 16.9%) concurrent with the heightened use of addictive drugs such as cocaine. Many drug addicts are apparently committing property crimes to obtain money or negotiable goods to support their habit or are simply committing these crimes while under the influence of illegal drugs.

During 1986, we took a variety of steps to educate the public about the harmful effects of drug abuse and its impact on crime. These steps included five workshops around the State for law enforcement and members of the public in which two videotapes on drugs and drug abuse were viewed. These video tapes were produced by FDLE and have been widely exhibited. In addition, FDLE developed two public service announcements which were distributed to all Florida radio and television stations.

If the statistics in this report tell us anything, it is that we must continue to enhance our current efforts. Law enforcement and the rest of the criminal justice community must receive a more realistic funding and resource commitment from Federal and State lawmakers in order to improve the likelihood of success in reversing this trend.

I thank each of you for your continued support for improved criminal justice in Florida. I also wish to take this opportunity to express my sincere appreciation to the dedicated professional law enforcement agencies in the State which have submitted data and assisted in the compilation of this report. On behalf of FDLE, I thank you personally for your continued support.

Sincerely,

Robert R Dempsey

Robert R. Dempsey
Commissioner

Law Enforcement Code of Ethics

As a Law Enforcement Officer, *my fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the Constitutional rights of all men to liberty, equality and justice.*

I will *keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.*

I will *never act officiously or permit personal feelings, prejudices, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.*

I recognize *the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the police service. I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession... law enforcement.*

THE FLORIDA DEPARTMENT OF LAW ENFORCEMENT

The Florida Department of Law Enforcement is a multi-faceted state investigative agency offering a wide spectrum of services and technical assistance to local law enforcement agencies, which in fiscal year 1986-87 was authorized 1,119 positions and a budget of over $66 million. Services provided by the Department are listed below.

Office of the Executive Director

- Formulates policy and provides overall command of and direction to the Department of Law Enforcement.
- Assures the Department functions in compliance with Florida Statutes, administrative rules, departmental procedures and productive management practices.
- Through its Office of Executive Investigations, provides investigative support for Governor-ordered investigations into public corruption.
- Provides for protection of the Governor and First Family.

Division of Criminal Investigation

- Investigates organized and multi-jurisdictional criminal activity in the State of Florida.
- Provides investigative and analytical assistance to local law enforcement agencies.
- Maintains Statewide Automated Investigative Records System (AIRS) which allows on line computerized retrieval of criminal investigative information.
- Identifies and apprehends violators of various state laws for subsequent prosecution.
- Provides technical engineering, planning, and design for the Department's statewide radio system.
- Provides specialized electronic expertise on statewide field investigations; and assists in training investigators in the use, maintenance, and repair of technical electronic equipment.
- Maintains liaison with local, state and national criminal justice agencies for intelligence and investigative resources.

Division of Criminal Justice Information Systems

- Develops and maintains telecommunications for providing the necessary remote file access to users in the criminal justice community.
- Establishes and maintains a system which collects, stores and disseminates criminal justice information to state and local criminal justice agencies that is essential to their operation.
- Provides law enforcement, criminal justice and authorized non-criminal justice entities a central point for timely and current identification and criminal history data.
- Provides law enforcement, the criminal justice community, the Governor, Cabinet, Legislature and the general public crime and crime-related data for informative and/or decision-making assessments.

Division of Criminal Justice Standards and Training

- Establishes and maintains, through the Criminal Justice Standards and Training Commission, uniform minimum standards for the employment and training of law enforcement and correctional officers.

- Establishes and maintains minimum curricular requirements for schools training law enforcement and correctional officers.

- Ensures the competencies of local and state law enforcement and correctional officers through the process of certification and revocation.

- Conducts comprehensive studies of the variation in salary scale and training of law enforcement and correctional officers in Florida for presentation to the Legislature.

- Maintains the salary incentive program for state and local law enforcement and correctional officers.

- Develops advanced and career development training programs for law enforcement and correctional officers and support personnel.

- Ensures the competencies of criminal justice training instructors.

- Administers the Law Enforcement and Correctional Officer Training Trust Funds.

Division of Crime Laboratories And Staff Services

- Provides the Department efficient and effective systems of personnel management, fiscal management and control, audit inventory and purchasing.

- Provides guidance and professional expertise in the preparation of the legislative and operating budget of the Department.

- Conducts comprehensive character and fitness suitability investigations on applicants considered for employment with the Department.

- Provides training programs for all Department personnel and upon request provides specialized training to local law enforcement agencies.

- Provides a statewide criminal analysis laboratory system to meet the needs of the Florida Criminal Justice System.

- Provides administrative support and direction to the Medical Examiners' Commission, thereby assisting that Commission in carrying out its responsibilities under Chapter 406, Florida Statutes.

Division of Local Law Enforcement Assistance

- Continually seeks, effects and maintains professional, credible and effective working relationships between local and state law enforcement representatives.

- Collects, analyzes, stores and disseminates crime specific intelligence data for use by local law enforcement agencies, thereby increasing the effectiveness of their investigative and enforcement efforts.

- Serves as a conduit, allowing local law enforcement agencies better access to the specialized resources available through the Department of Law Enforcement.

- Assures the preparedness of local and state law enforcement agencies to respond effectively to a broad range of emergency situations.

- Develops, prepares and distributes an assortment of publications relative to criminal intelligence and investigative information to the criminal justice community.

- Serves as the State's center for the collection, analysis and dissemination of information relating to missing children.

To summarize: the services mentioned above are designed to assist in the many facets of the criminal justice system. The Department is continuously seeking to enhance its services to the criminal justice community and citizens of Florida. You are encouraged to send your comments and suggestions regarding this publication or other services of the Department to:

Commissioner
Florida Department of Law Enforcement
Post Office Box 1489
Tallahassee, Florida 32302

THE FLORIDA UNIFORM CRIME REPORTING PROGRAM

INTRODUCTION

Florida was one of the first states to develop its own statewide program for the collection, compilation and dissemination of Uniform Crime Reports (UCR) by working closely with the Federal Bureau of Investigation's National UCR Program. With the development of the Florida Crime Information Center (FCIC), UCR has been an integral part of the statewide computerized law enforcement information system.

In January 1971, the Uniform Crime Reports and Statistics Bureau of the Department of Law Enforcement initially began the collection of monthly uniform crime reports from county and municipal law enforcement agencies. As mandated by the Florida Legislature, twenty-one publications entitled *Crime in Florida* have previously been disseminated. This document is the sixteenth annual report, presenting statistical information collected and compiled through the year 1986.

FLORIDA UCR PROGRAM

The Florida Legislature, in establishing the Uniform Crime Reports (UCR) statute, mandated the responsibility and authority for UCR data collection and dissemination to the Florida Department of Law Enforcement (FDLE).

PURPOSE AND OBJECTIVES

The quantitative statistical data derived from the UCR Program will provide assistance in determining the overall scope of the reported criminal activity in Florida and will aid in making effective management studies possible.

The fundamental objectives of the Florida UCR Program are:

(1) Inform the Governor, Legislature, other governmental officials and the public as to the nature of the crime problem in Florida, its magnitude and its trends.

(2) Provide law enforcement administrators with criminal statistics for administrative and operational use.

(3) Determine who commits crimes by age, sex, race, whether resident or nonresident, and other social attributes in order to find the proper focus for crime prevention and enforcement.

(4) Provide base data and statistics to measure the effectiveness of Florida's criminal justice system.

(5) Provide base data and statistics to measure the effects of prevention and deterrence programs.

(6) Provide base data and statistics for research to improve the efficiency, effectiveness and performance of criminal justice agencies.

(7) Provide data to assist in the assessment of societal and other causes of crime for the development of theories of criminal behavior.

(8) Provide the FBI with complete UCR data to be included in the national crime reports.

REPORTING PROCEDURE

Crime data and information submitted by municipal and county law enforcement agencies is collected on a daily, weekly, monthly and annual basis. Employee data for law enforcement agencies is collected and published annually.

Starting in January 1972, several minor modifications in reporting procedures were made in response to requests from local agencies and the FBI. Arrests for worthless checks and for narcotics paraphernalia are indicated separately. In January 1973, larceny under $50 (including attempts) was added as an index offense. A program modification in 1975 involved the expansion of drug classifications and new, expanded property breakdowns. In January 1976, a new category under motor vehicle theft was added to classify motorcycles separately.

Commencing on January 1, 1976, the traditional method of collecting UCR data on a monthly basis was enhanced to a sophisticated offense-by-offense program in Florida. The collection process involves two submission methods for an agency: weekly from paper code forms or monthly by computer tapes. With the capability of collecting more detailed data, the utility of Florida's UCR Program is enhanced from the contributor and state viewpoint for management, operational and crime trend analysis purposes. By virtue of this enhancement to Florida's UCR Program a more accurate assessment of reported criminal activity can be made. Municipal police and county sheriff departments report the individual offense data known to them in the following crime categories; murder, non-traffic manslaughter, forcible rape, robbery, assault, burglary, larceny, motor vehicle theft and arson. Offense data is taken from the records of complaints received by law enforcement agencies from victims, witnesses or other sources, or discovered by agencies during their own operations. Complaints determined by subsequent investigations to be unfounded are eliminated from the count. The resulting data on individual "offenses known to law enforcement officials" in these crime categories is reported, without regard to whether anyone is arrested, stolen property is recovered, local prosecutive policy or any other consideration. Municipal and county agencies also report supplemental offense information such as the number of victims, the value of property stolen and recovered, circumstances surrounding homicides and other pertinent data. Additionally, reports of persons arrested are submitted. These reports provide information concerning the age, sex, race and residency of all persons arrested by each individual law enforcement agency. Reports of persons arrested are separated as to adults and juveniles.

VERIFICATION

An obvious concern in the collection of crime statistics for law enforcement agencies throughout the state is the uniformity and accuracy of data received. Program aids such as guides and instructions do not necessarily guarantee the accuracy and correctness of the reports submitted by the contributors. Additional controls therefore are necessary.

Each individual offense report received by the Department is recorded, examined and verified for accuracy and for reasonableness. The verification process includes numerous checks to ensure the validity of information. The elimination of duplication of reporting by individual contributors receives particular attention. Minor errors are corrected by telephone contact between UCR Field Representatives or Crime Information Technicians and the reporting agency. Substantial variation and errors are adjusted through personal contacts with individual contributing agencies. The personal contacts are invaluable to the accuracy and quality of reporting. Field Representatives are engaged in a constant educational effort and provide a vital link between the UCR Program and the contributor.

INCIDENT REPORTING AND RECORDS MANAGEMENT SYSTEM

As an adjunct to the UCR Program, Field Representatives assist Florida law enforcement agencies as requested, in the development of an Incident Reporting and Records Management System (IRRMS). This system can enhance or replace a law enforcement agency's records system in its method of collecting, storing and retrieving all police service information pertaining to a particular criminal case or police activity. IRRMS can provide small and medium size law enforcement agencies a source of complete information that can be utilized by the entire criminal justice system and by administrators as a tool in decision-making policies.

STATISTICAL ANALYSIS

The Florida UCR Program, by examining the various characteristics of offense and arrest data, provides statistical analysis reports to help law enforcement personnel throughout the state in crime prevention. The statistical analyses in each report assists in such areas as the proper assignment and deployment of preventive patrols and aids in the possible reduction of crime through the early identification of patterned activity. Two sources, for example, that can be used when preparing these special statistical reports are the geographical indicator printout and the case summary report. The purpose of the geographical indicator is to depict the number of specific crimes that occur in a particular area. The case summary report allows an agency to review the status (whether cleared by arrest, exceptional or unfounded) of any particular case. In addition, through special requests, other statistical compilations may be prepared for unique situations in local law enforcement agencies.

CONTRIBUTING AGENCIES AND POPULATION

There are currently 373 law enforcement agencies throughout the state contributing directly to the Florida UCR Program—66 county law enforcement agencies and 284 municipal agencies. In addition, 5 state law enforcement agencies, 11 universities, 2 county school police departments, 4 airport police departments, and the Seminole Indian Reservation submit data to the program. Daily, weekly, monthly, and annual uniform crime reports received from these agencies represent statistical data covering approximately 100 percent of the estimated Florida population.

The 1986 population figures for the State of Florida, county and municipalities were provided by the Division of Population Studies, Bureau of Economic and Business Research, University of Florida. These population estimates, as of April 1, 1986, were produced under contract with the Executive Office of the Governor for incorporation into the 1986-87 Revenue Sharing Program.

The relative statewide estimates reflect populations of 11,657,843 for the year 1986 and 11,278,547 for the year 1985.

CLASSIFICATION AND LISTING OF UCR OFFENSES

Offense data consists of information that has been extracted from reports of Part I crimes that have come to the attention of the Florida law enforcement agencies. They consist of the following offenses:

1A. **Murder and Non-negligent Manslaughter**—The willful (non-negligent) killing of a human being by another.

1B. **Manslaughter by Negligence***—The killing of another person through gross negligence.

2. **Forcible Rape**—The carnal knowledge of a female forcibly and against her will.

3. **Robbery**—The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

4. **Aggravated Assault**—An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury.

5. **Burglary**—An unlawful entry of a structure to commit a felony or a theft.

6. **Larceny (Except Motor Vehicle Theft)**—The unlawful taking, carrying, leading or riding away of property from the possession or constructive possession of another.

7. **Motor Vehicle Theft**—The theft or attempted theft of a motor vehicle.

Part II offenses are made up of all other crimes not classified as Part I crimes. Information on Part II offenses is reported only when an arrest has been made. Part II crimes for UCR purposes are as follows:

8. **Non-Aggravated Assault***—An unlawful attack by one person upon another, using personal weapons, resulting in no serious injury to the victim.

9. **Arson***—Any willful or malicious burning or attempts to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

10. **Forgery and Counterfeiting**—Making, altering, uttering or possessing, or attempts to make, alter, utter or possess with intent to defraud. Anything false which is made to appear true.

11A. **Fraud**—Fraudulent conversion of another's money or property by false pretenses.

11B. **Worthless Checks**—Fraudulent conversion through bad checks—excludes forgery and counterfeiting.

12. **Embezzlement**—Misappropriation or misapplication of money or property entrusted to one's care, custody or control.

13. **Stolen Property**—All offenses of buying, receiving and possessing stolen property, as well as all attempts to commit any of these offenses.

14. **Vandalism**—Willful or malicious destruction, injury, disfigurement or defacement of property without consent of the owner or persons having custody or control.

---

*Manslaughter by negligence, non-aggravated assault and arson are Part I crimes but are not considered Index Crimes.

15. **Weapons: Carrying, Possession, etc.**—All violations of regulations or statutes controlling the carrying, using, possessing, furnishing and manufacturing of deadly weapons or silencers and all attempts to commit any of the offenses.

16. **Prostitution and Commercialized Vice**—Sex offenses of a commercialized nature, such as prostitution, keeping a bawdy house, procuring or transporting women for immoral purposes, and all attempts to commit any of these offenses.

17. **Sex Offenses (Except Forcible Rape, Prostitution, and Commercialized Vice)**—Statutory rape, offenses against chastity, common decency, morals and the like. Includes attempts.

18. **Narcotic Drug Laws**—Includes all arrests for violations of State and Local Ordinances, specifically those relating to the unlawful possession and sale of narcotic drugs.

19. **Gambling**—Promoting, permitting or engaging in gambling.

20. **Offenses Against the Family and Children**—Nonsupport, neglect, desertion or abuse of family and children. Excludes any physical abuse which would be classified as assault.

21. **Driving Under the Influence**—Driving or operating any motor vehicle while drunk or under the influence of liquor or drugs.

22. **Liquor Laws**—State or local liquor law violations, except "drunkenness" and "driving under the influence".

23. **Disorderly Intoxication**—Drunk and disorderly.

24. **Disorderly Conduct**—Breach of peace. (Disorderly persons).

26 **All Other Offenses (Except Traffic)**—All violations of state and local laws except classes 1-24 and 28-29.

28. **Curfew and Loitering Laws (Juveniles)**—Offenses relating to local curfew or loitering ordinances, where such laws exist.

29. **Runaways (Juveniles)**—Limited to juveniles taken into protective custody who have run away from the reporting jurisdiction.

UCR USAGE

There are inherent limitations in current crime reporting practices. Of primary importance is the question of how much crime is being reported. Law enforcement agencies are only capable of reporting crimes known to them. In many instances, citizens do not report crimes directly to these agencies but may report them to the prosecuting authorities. A considerable volume of crime is not reported to law enforcement agencies because the victims may consider the offenses against them to be of very little consequence; they believe there is nothing the police can do about them; they fear retaliation from offenders or have shared willingly in such offenses as illegal sex acts, gambling or drug usage. Consequently, information concerning some offenses is never entered in the present statistical reporting system.

Furthermore, only arrest data is submitted on Part II crimes, therefore, current UCR statistics do not necessarily measure the true incidence of crimes or the actual economic loss incurred by victims.

Crimes and arrests should not be compared on a one-on-one basis, as a crime is an event and an arrest relates to an individual. For example, several crimes may be solved by one arrest or many persons can be arrested for committing one crime.

Crime clearances, the value of property stolen and recovered, and arrests, reflect the current year's activity and will include data related to crimes reported in prior years.

SUMMARY

Set forth below are some additional conditions which will, by type and volume, affect the crime that occurs from place to place. These same conditions will also affect the amount of crime actually reported.

1. Density and size of the community population and the metropolitan area of which it is a part.
2. Composition of the population with reference particularly to age, sex and race.
3. Economic status and mores of the population.
4. Relative stability of population including commuters, seasonal, and other transient types.
5. Climate, including seasonal weather conditions.
6. Educational, recreational, and religious characteristics.

7. Effective strength of the police force.
8. Standards governing appointment to the police force.
9. Policies of the prosecuting officials and the courts.
10. Attitude of the public towards law and enforcement problems.
11. The administrative and investigative efficiency of the local law enforcement agency including the degree of adherence to crime reporting standards.

The information collected for this report portrays the most accurate and realistic assessment available of the crime situation in Florida. UCR statistics are not designed as an indicator of agency activity for use in direct comparisons but pertain to specific geographic areas. A casual relationship exists between crime and a great many socio-economic factors, although presently no definite theories exist. However, reported crime activity is a measurable quantity and, as such, should be used to present the clearest possible picture of the dimensions, fluctuations and impact of crime in the State of Florida.

UCR SYSTEM FLOW

The Uniform Crime Reports Program of the Florida Department of Law Enforcement is continuously dedicated to the goal of providing complete, reliable, and accurate statistical data on crime in Florida. The following systems flow chart shows the procedures used by the UCR staff to handle data received from contributing agencies.

FLORIDA OFFENSE DATA
CRIME INDEX ANALYSIS

FLORIDA CRIME INDEX

The figures presented in the tables, graphs, and charts in this publication indicate the volume, fluctuation, and distribution of crime in Florida on the basis of a Crime Index. These crime figures are categorized by municipal, county, statewide and Judicial Circuit totals. The seven offenses comprising the Index Crimes are:

- Murder
- Forcible Rape
- Robbery
- Aggravated Assault
- Burglary
- Larceny
- Motor Vehicle Theft

These crimes were selected for use as an index on the basis of their serious nature, their frequency of occurrence, and the reliability of reporting from citizens to law enforcement agencies. The Crime Index is used as a basic measure of crime. The Crime Index is the total number of Index Crimes that comes to the attention of law enforcement agencies. During the year 1986, a total of 960,374 index offenses was reported. This represents an increase of 99,417 offenses, or an 11.5 percent increase from 1985.

In reviewing crime index figures the reader should keep in mind that there is currently no way of determining the total number of actual crimes committed. The Crime Index has been established to measure only the instances of crime which come to the attention of law enforcement agencies. However, to be a true index, its relationship to total crime reported or unreported must be known. This relationship unfortunately has never been conclusively established, and therefore, fluctuations in the Crime Index may or may not adequately reflect changes in the total crime picture. It is important to remember in reviewing the tables and graphs in this report that the volume of crime in a given area or municipality is directly related to the crime factors previously listed in this report.

VOLUME AND DISTRIBUTION OF CRIME INDEX OFFENSES

The Crime Index merely identifies the number of actual incidents known to law enforcement agencies, not the number of criminals who committed them or the number of injuries they caused. The seven Crime Index offenses are grouped into two categories—violent crimes and nonviolent crimes.

Violent Crime

Crimes of violence include murder, forcible rape, robbery, and aggravated assault. Violent crimes involve the element of personal confrontation between perpetrator and victim and, because of their very nature, are more serious than nonviolent crimes. These offenses for the year 1986 made up 12.6 percent of all reported index offenses. For the year 1986, violent crimes as a group increased 13.1 percent from 1985.

Nonviolent Crime

For Uniform Crime Reports purposes, nonviolent crimes include the offenses of burglary, larceny, and motor vehicle theft. The number of nonviolent crimes reported for 1986 was more than 6 times the number of violent crimes, amounting to 87.4 percent of all Index Crimes reported. Nonviolent crimes as a group recorded an increase of 11.3 percent from the number reported for the year 1985.

VALUE OF PROPERTY STOLEN AND RECOVERED

Supplementary data relating to the crimes of murder, forcible rape, robbery, burglary, larceny, and motor vehicle theft is collected and analyzed. The resultant figures provide information concerning the value of property stolen and recovered by type of property. The total value of property stolen in Florida during 1986 was $857,598,456. This amounts to an increase of $104,761,740, or an increase of 13.9 percent from the year 1985. Law enforcement agencies were successful in recovering 31.0 percent of the loss, or $265,608,941. Locally stolen motor vehicles accounted for the highest dollar loss, amounting to $348,909,796 for 1986. This figure represents an increase of 16.9 percent from 1985.

CRIME RATES*

The crime rate equals the number of Index Crimes per unit of population, generally per 100,000. It should be noted that the crime rate only takes into consideration the numerical factor of population and does not incorporate any of the other elements which contribute to the amount of crime in a given community. The effect of changes in population on rates should be kept in mind when attempting to make a comparison of crime rates.

The Crime Index rate for Florida for the year 1986 is 8,238.0 offenses per 100,000 inhabitants, a 7.9 percent increase from the year 1985.

For the year 1986, violent crimes accounted for 1,037.7 offenses per 100,000 population, while the nonviolent crime rate amounted to 7,200.3 offenses per 100,000 population, reflecting a rate increase of 9.4 percent for violent crimes and a 7.7 percent increase for nonviolent crimes.

CLEARANCE RATES

For crime reporting purposes, a crime index offense is cleared when a law enforcement agency has identified the offender, there is enough evidence to charge him and he is actually taken into custody. The arrest of one person can clear several crimes or several persons may be arrested in the process of clearing one crime.

Crime solutions are also recorded in exceptional circumstances when some element beyond law enforcement control precludes formal charges against the offender.

For 1986, 22.3 percent of all Index Crimes were cleared. The percentage of violent crimes cleared was 48.7 percent, while the clearance rate for nonviolent crimes was 18.4 percent. This compares with a 1985 total clearance rate of 22.3 percent, and violent and nonviolent crime clearance rates of 50.9 and 18.2 percent, respectively.

NON-INDEX OFFENSES

Three offense classifications of reported crime do not fall into the makeup of the Index Crimes. These offenses are manslaughter by negligence, non-aggravated assault and arson. In 1986, there were 30 non-traffic manslaughters by negligence; 22 of the 30 non-traffic manslaughters were cleared by arrest or exceptionally cleared.

There were 101,468 non-aggravated assaults reported for the year 1986 in Florida. Of these offenses, 66,487 or 65.5 percent, were cleared by arrest or by exception. Of these 66,487 total clearances, 90.2 percent involved persons aged 18 and above, while the other 9.8 percent involved persons under age 18.

During 1986, there were 3,971 offenses of arson reported with $26,271,532 in property damage. The highest single category of arson, 1,273 reported, was motor vehicles. Of the 3,971 arsons reported, only 521 or 13.1 percent were arsons of abandoned structures. The clearance rate for arson was 19.7 percent. There were 1,471 reported arsons of all types of residences, 714 of commercial structures and 1,273 of motor vehicles. The remaining 513 arsons were of other structures, other mobile property and miscellaneous.

1986 FLORIDA CRIME SUMMARY AND PRESS RELEASE

On March 24, 1987, the Florida Department of Law Enforcement released its sixteenth Annual Florida Uniform Crime Report, reflecting a general overview of reported crime and related data during 1986.

CRIME VOLUME

The volume of reported index crimes (Violent: Murder, Rape, Robbery, Aggravated Assault; Nonviolent: Burglary, Larceny, and Motor Vehicle Theft) increased 11.5 percent from 1985.

• Total Volume	960,374 index crimes
• Time Frequency	1 index crime every 33 seconds
• Population Frequency	1 index crime for every 12 residents
• Most Notable Violent Index Crime Increase	20.6 percent increase in robbery
• Most Notable Nonviolent Index Crime Increase	16.9 percent increase in motor vehicle theft

*CRIME RATE

The 1986 crime rate increased to 82.4 index crimes for every 1,000 residents.

• Violent Crime Rate	increased to 10.4 index crimes/1,000 residents
• Nonviolent Crime Rate	increased to 72.0 index crimes/1,000 residents

MODIFIED CRIME RATE

The 1986 modified crime rate was not included in this report. With the creation of a Statistical Analysis Center (SAC) within the Florida Department of Law Enforcement, a new methodology has been developed for computing the modified crime rate. This report can be obtained in its entirety by request.

ARSON

• Total Volume Reported	1.8 percent increase
• Value of Property Destroyed	$26,271,532
• Most Frequent Target	motor vehicles

**POPULATION

Florida's population increased 3.4 percent in 1986. This reflected a population density of 215 people per square mile.

VALUE OF PROPERTY STOLEN

The dollar loss of reported property stolen reveals a 13.9 percent increase to a total of $857,598,456. Law enforcement agencies recovered 31.0 percent of the loss, or $265,608,941.

CLEARANCE RATE

• Index Crime Clearance Volume	213,733 crimes cleared
• Total Index Clearance Rate	22.3 percent
• Violent Index Crime Clearance Rate	48.7 percent
• Nonviolent Index Crime Clearance Rate	18.4 percent

ARRESTS

Criminal arrests in Florida increased 11.2 percent.

• Index Crime Arrests	9.9 percent increase
• Index Crime Arrest Volume	172,504
• Total Arrest Volume	629,111
• Narcotic Drug Law Violation Arrests	28.4 percent increase

---

*Rates do not include transient population totals.

**This does not include transient population.

• Age Breakdown of Total Arrests	
Under age of 15	4.6 percent
Under age of 18	14.3 percent
Under age of 21	25.8 percent
Under age of 25	43.0 percent
• Adult Arrests	
Total Arrests	12.0 percent increase
Part I Offense Arrests	10.9 percent increase
Part II Offense Arrests	12.3 percent increase
• Juvenile Arrests	
Total Arrests	6.5 percent increase
Part I Offense Arrests	7.6 percent increase
Part II Offense Arrests	5.3 percent increase

LAW ENFORCEMENT OFFICERS KILLED

There were six Florida Law Enforcement officers feloniously killed in the line of duty during 1986.

LAW ENFORCEMENT OFFICERS ASSAULTED

• Total Assaults	15.4 percent increase
• Total Volume of Assaults	7,289
• Percent Assaults with Personal Injury	20.7 percent
• Percent Assaults without Personal Injury	79.3 percent

RATIO OF LAW ENFORCEMENT EMPLOYEES

As of October 31, 1986, the number of full-time law enforcement employees (sworn and civilian) in Florida increased 5.3 percent over 1985 to 42,776. In 1986, there were 25,991 sworn officers in Florida. The rate per 1,000 residents was 2.2 sworn officers, reflecting no change over the 1985 rate.

MURDER

(See page 3 for definition)

1986—SUMMARY ANALYSIS

A total of 1,371 murders was reported by law enforcement agencies in Florida for the year 1986.

Murders accounted for 1.1 percent of all violent crimes and 0.1 percent of all index offenses reported.

The murder rate for the reporting period was 11.8 per 100,000 population.

There were 927 murders cleared by arrest or exceptionally cleared, amounting to a 67.6 percent clearance rate statewide.

The age group of 25-29 accounted for 20.0 percent of persons arrested for murder. Males accounted for 88.6 percent of all persons arrested for murder.

Of all persons arrested for murder, 47.0 percent were white, 52.7 percent were black, and 0.3 percent were of other races.

Of all murder victims, 53.8 percent were white, 43.8 percent were black, and 2.3 percent were of other races. Of all murder victims, males represented 71.6 percent.

Firearms were used in 45.8 percent of all reported murders. The use of a knife or other cutting device was involved in 17.8 percent of the murders.

The murder of one family member by another accounted for 167 or 12.2 percent of all murders. Of these, 97 murders, or 7.1 percent, resulted from one spouse killing the other.

Altercations or quarrels between the victim and perpetrator, including money quarrels, lovers' quarrels and drinking quarrels, accounted for 15.5 percent of all murders reported during the year 1986. Lovers' quarrels recorded the highest involvement, accounting for 9.9 percent of the total murders.

FORCIBLE RAPE

(See page 3 for definition)

1986—SUMMARY ANALYSIS

A total of 6,153 forcible rapes (including attempts) was reported by law enforcement agencies in Florida for the year 1986. Of all rapes, 4,903 were by force and 1,250 were attempted rapes.

Forcible rapes accounted for 5.1 percent of all violent crimes and 0.6 percent of all index offenses reported.

The forcible rape rate for the year 1986 amounted to 52.8 rapes for every 100,000 persons in the state.

There were 3,537 forcible rapes cleared by arrest or exceptionally cleared, amounting to a 57.5 percent clearance rate statewide.

Of the reported arrests for forcible rape during the year 1986, 41.5 percent were of persons under the age of 25.

Of all persons arrested for forcible rape during the year 1986, 48.6 percent were white, 51.1 percent were black, and 0.3 percent were of other races.

ROBBERY

(See page 3 for definition)

1986—SUMMARY ANALYSIS

A total of 42,817 robberies was reported by law enforcement agencies in Florida for the year 1986.

Robberies accounted for 35.4 percent of all violent crimes as a group and 4.5 percent of the total crime index.

The robbery rate amounted to 367.3 robberies for every 100,000 persons in the state.

There were 10,620 robberies cleared by arrest or exceptionally cleared, representing a clearance rate of 24.8 percent statewide.

The age group 25-29 accounted for 20.4 percent of persons arrested for robbery. Males accounted for 94.1 percent of all persons arrested for robbery.

Of all persons arrested for robbery, 29.7 percent were white, 70.3 percent were black, and 0.0 percent were of other races.

The largest number of actual offenses of robbery, 25,345 in number, occurred under the Highway category, which represents 59.2 percent of all offenses of robbery reported during 1986. The armed robber was responsible for over 51.2 percent of the reported offenses.

The value of property stolen in actual offenses of robbery totaled $29,568,567 or 3.4 percent of the total value of property stolen during the year. The highest average loss, amounting to $2,776 occurred in bank robberies. The lowest average loss, $196 occurred in convenience store robberies.

AGGRAVATED ASSAULT

(See page 3 for definition)

1986—SUMMARY ANALYSIS

A total of 70,636 aggravated assaults was reported by law enforcement agencies for the year 1986.

Aggravated assaults accounted for 58.4 percent of all violent crimes and 7.4 percent of all index crimes reported.

The rate of aggravated assaults amounted to 605.9 assaults for each 100,000 persons.

There were 43,864 aggravated assaults cleared by arrest of exceptionally cleared, which represents a clearance rate of 62.1 percent statewide.

Persons under the age of 30 accounted for 59.2 percent of the arrests for aggravated assault. Arrests of males for aggravated assault outnumbered females by a 6 to 1 margin.

Analysis of aggravated assault arrests by race indicates that 49.8 percent of all persons arrested were white, 49.9 percent were black and 0.2 percent were of other races.

The use of firearms represented 19,720 offenses and comprised 27.9 percent of all aggravated assaults.

BURGLARY

(See page 3 for definition)

1986—SUMMARY ANALYSIS

A total of 259,254 burglaries was reported by law enforcement agencies in Florida for the year 1986.

Burglaries accounted for 30.9 percent of all nonviolent crimes and 27.0 percent of all index offenses reported.

The burglary rate for the reporting period was 2,223.9 per 100,000 population.

There were 42,254 burglaries cleared by arrest or exceptionally cleared. This amounts to a clearance rate of 16.3 percent statewide.

The age group accounting for the highest percentage of persons arrested for burglary, 14.3 percent, occurred in the 25-29 age category. Males accounted for 93.7 percent of persons arrested for burglary.

Of all persons arrested for burglary, 61.1 percent were white, 38.6 percent were black and 0.2 percent were of other races.

Of the three categories of burglary, forcible entry was the most prevalent, with 191,427 offenses. This figure represents 73.8 percent of the total burglaries committed. Unlawful entry (no force) accounted for 45,885 entries or 17.7 percent, while 21,942 or 8.5 percent were attempts.

The value of property stolen in actual offenses of burglary totaled $246,805,204 or 28.8 percent of the total value of property stolen during the year.

Residential burglaries accounted for 67.0 percent of the total offenses reported, with a total dollar loss of $167,715,087. Where time could be determined, 29.7 percent of residential burglaries occurred during the night hours.

LARCENY

(See page 3 for definition)

1986—SUMMARY ANALYSIS

A total of 510,332 larcenies was reported by law enforcement agencies in Florida for the year 1986.

Reported larcenies accounted for 60.8 percent of nonviolent crimes and 53.1 percent of all index offenses reported.

The larceny rate for Florida for the year amounted to 4,377.6 per 100,000 population.

There were 98,028 larcenies cleared by arrest or exceptionally cleared. This represents a clearance rate of 19.2 percent statewide.

The age group accounting for the highest percentage of persons arrested for larceny, 14.1 percent, occurred in the 25-29 age category. Males accounted for 70.5 percent of persons arrested for all categories of larceny.

Of all persons arrested for larceny, 61.5 percent were white, 38.2 percent were black and 0.3 percent were of other races.

During the year 1986 the value of property stolen in actual offenses of larceny totaled $231,935,340. This constitutes 27.0 percent of the total value of property stolen.

MOTOR VEHICLE THEFT

(See page 3 for definition)

1986—SUMMARY ANALYSIS

A total of 69,811 motor vehicle thefts was reported by law enforcement agencies in Florida during 1986.

Motor vehicle thefts made up 8.3 percent of all nonviolent crimes and 7.3 percent of all index offenses reported.

The statewide motor vehicle theft rate for the year amounted to 598.8 per 100,000 population.

There were 14,503 motor vehicle thefts cleared by arrest or exceptionally cleared, representing a clearance rate of 20.8 percent statewide.

The age group responsible for the highest percentage of persons arrested for motor vehicle theft, 13.7 percent, occurred in the 25-29 age category. Of all persons arrested for motor vehicle theft 89.9 percent were males.

Of all persons arrested for motor vehicle theft, 60.5 percent were white, 39.3 percent were black and 0.2 percent were of other races.

The average value of a motor vehicle theft during the reporting period was $4,998.

Motor vehicles reported stolen totaled $348,909,796; $212,506,503 was recovered which constitutes a 60.9 percent recovery rate in value.

ARSON

(See page 3 for definition)

1986—SUMMARY ANALYSIS

A total of 3,971 arsons was reported by law enforcement agencies for the year 1986.

The number of arsons committed per 100,000 persons was 34.1.

There were 781 arsons cleared by arrest or exceptionally cleared. This represents a statewide clearance rate of 19.7 percent.

The age group accounting for the highest percentage of persons arrested for arson was the 25-29 bracket with 15.5 percent. Of all persons arrested for arson, 84.5 percent were males.

Of all persons arrested for arson 64.8 percent were white, 34.9 percent were black and 0.3 percent were of other races.

Of all property classifications, motor vehicles accounted for the largest number of arsons with 1,273 offenses or 32.1 percent of all arsons. The percentage of arsons involving structures was 58.8 percent as compared to 33.8 percent for mobile property. The remaining percentage involved destruction of crops, timber, signs and other miscellaneous property. Offenses involving uninhabited structures were 293 or 7.4 percent of all arsons.

The value of property damaged by arson totaled $26,271,532. Other residential consisted of 8.5 percent of the total amount or $2,235,913. Mobile property consisted of 16.6 percent of the total amount damaged or $4,359,888.

FLORIDA ARREST DATA

FLORIDA ARREST INFORMATION

The Florida Uniform Crime Reports Program requires the periodic reporting of data concerning persons arrested in the state. A record of total arrest activity for criminal acts in both Part I and Part II crime classes is received from contributing agencies in Florida and is analyzed and arranged according to age, sex, race and residency of persons arrested. Traffic arrests, except driving under the influence, are not reported. A total of 629,111 arrests for Part I and Part II criminal acts were reported during the year 1986, up 11.2 percent from the 565,929 arrests reported for the year 1985. Based on 1986 population estimates, this amounts to a statewide arrest rate for the year 1986 of 5,396.5 arrests for each 100,000 persons in Florida.

A person is counted each time he is arrested or summonsed. It should be kept in mind that the volume of arrests may vary from time to time due to differences in local arrest procedures and policies. A juvenile is counted as "arrested" when the circumstances are such that if he or she were an adult, an arrest would be counted or when law enforcement or other official action such as an interview, warning or admonishment is taken.

When reviewing arrest figures it should be remembered that arrest counts do not reflect the specific number of persons arrested since one individual person may be arrested several times during any given year for the same or different offenses. This occurs frequently for such crimes as disorderly intoxication, disorderly conduct and similar violations. However, arrest data is useful in measuring the extent of law enforcement activity in a given geographical area as well as providing an index for measuring involvement in criminal acts by the age, sex, race and residence of the perpetrators.

Analysis of reported arrests for the year 1986 indicates that 27.5 percent of all arrests during the year were for Part I offenses (murder, manslaughter, forcible rape, robbery, aggravated assault, burglary, larceny and motor vehicle theft). Arrests for larceny comprised the highest percentage of arrests for Part I crimes, amounting to 49.4 percent. The highest percentage of arrests for Part II offenses, excluding all the other categories, was driving under the influence which constituted 14.9 percent.

VIOLENT CRIME ARRESTS

During the year, 41,622 arrests for crimes of violence (murder, forcible rape, robbery and aggravated assault) on a statewide basis amounted to 24.1 percent of all arrests for the Part I offenses and 6.6 percent of the total arrests for all offenses. Arrests for aggravated assault were the most frequent, representing 63.9 percent of the total arrests for violent crimes. During 1985, violent crime arrests amounted to 23.8 percent of all Part I arrests and 6.6 percent of all arrests.

NONVIOLENT CRIME ARRESTS

During the year, 130,882 arrests for nonviolent crimes (burglary, larceny and motor vehicle theft) comprised 75.7 percent of all Part I arrests and 20.8 percent of all arrests reported during the year 1986. The highest percentage of nonviolent crime arrests, 65.3 percent, occurred in the larceny category. During 1985, nonviolent crime arrests amounted to 76.1 percent of all Part I arrests and 21.1 percent of all arrests.

NONRESIDENT ARRESTS

Upon arresting an offender for a criminal violation committed within a community, the responsible law enforcement agency may find that the perpetrator's residence is in another community or even another state. The Florida Uniform Crime Reports Program provides for the collection of residency data of those arrested in order to measure the criminal mobility factor in Florida.

It was found that during 1986, of the total arrests reported by county and municipal law enforcement agencies for their respective jurisdictions, 8.3 percent of those arrested resided outside the State of Florida and 7.8 percent resided in a county (within Florida) other than the one in which the offense was committed.

The total volume of out of state resident arrests for the year 1986 increased by 65.3 percent, while out of county resident arrests increased by 5.6 percent over the year 1985.

The offense category with the highest percentage of nonresident arrests reported during the year was motor vehicle theft violations for Part I offenses, and liquor law violations for Part II offenses, amounting to 15.5 percent and 35.9 percent, respectively.

AGE ANALYSIS

The distribution of those persons arrested by age categories during the year 1986 continues to illustrate the involvement in criminal activity by the youth of Florida. Nearly 4.6 percent of all persons arrested for the year were under the age of 15, 14.3 percent were under 18 and 25.8 percent of all persons arrested were under the age of 21.

An evaluation of reported Part I arrests indicates that 26.9 percent of persons arrested for such crimes were under the age of 18. The most frequent Part I juvenile arrests during the year were for larceny amounting to 51.2 percent of the total reported Part I juvenile arrests.

Total juvenile arrests for all offenses increased by 6.5 percent from the reported figure for the year 1985. Adult arrests showed an increase of 12.0 percent from the figures for the year 1985.

Arrests of persons age 18 and over amounted to 85.7 percent of the total number of Part I and Part II arrests reported. Of the total adult arrests, 22.1 percent occurred in the 25 to 29 age group.

SEX AND RACE ANALYSIS

A percentage distribution by sex of all reported arrests for the year 1986, reveals that 82.9 percent of all persons arrested were male. Males were involved in 80.9 percent of all arrests for Part I offenses, with primary involvement in the crime of larceny. Total male arrests increased by 11.9 percent over the year 1985. The largest increase in male arrests for Part I offenses was registered in the motor vehicle theft category, up 28.6 percent from the year 1985.

Female arrests amounted to 17.1 percent of the total arrests reported and 19.1 percent of all arrests for Part I offenses. Further evaluation of arrest data for Part I offenses discloses that females were primarily involved in arrests for larceny, accounting for 29.5 percent of the total arrests for this offense. Total female arrests increased by 7.8 percent over the year 1985. Part I female arrests registered the largest increase in the motor vehicle theft category, up 28.9 percent over the year 1985.

An analysis of arrests for violent and nonviolent crime classes for the reporting period shows that 89.0 percent of all reported arrests for the violent crimes of murder, forcible rape, robbery and aggravated assault involved males. Females accounted for 11.0 percent of total violent crime arrests. Female arrests comprised 21.7 percent of the nonviolent crimes of burglary, larceny and motor vehicle theft, while 78.3 percent of the nonviolent crime arrests for the year involved males.

A distribution analysis of total arrests by race for the year 1986 indicates that 67.2 percent of all arrested persons were white, 32.5 percent were black, with the remaining 0.3 percent of other races.

With regard to violent crimes within the Part I offenses (murder, forcible rape, robbery and aggravated assault), 44.2 percent of those arrested were white, 55.6 percent were black and 0.2 percent were of other races.

A comparison of arrest data for the nonviolent crimes of burglary, larceny and motor vehicle theft indicates that 61.3 percent of those arrested were white, 38.4 percent were black, with the remaining 0.3 percent of other races.

DISPOSITION OF JUVENILES

The Florida UCR Program requires that contributing agencies provide specific disposition information on all juveniles arrested. The UCR Program specifies five basic information categories for use by law enforcement agencies in reporting juvenile arrest dispositions. Juveniles may be *(1) handled within the department and released, (2) referred to juvenile court, juvenile authorities or probation department, (3) referred to a welfare agency, (4) referred to another law enforcement agency, or (5) referred to criminal or adult court.*

During the year 1986, on a statewide basis, approximately 77.0 percent of all juveniles arrested were referred to juvenile court or probation department, 18.5 percent were handled directly by law enforcement agencies and released, 1.2 percent were referred to welfare agencies, 3.2 percent were referred to criminal or adult court and the remaining 0.2 percent were referred to other law enforcement agencies for disposition.

NARCOTIC DRUG AND GAMBLING ARRESTS

NARCOTIC DRUG LAW ARRESTS

Information concerning arrests for narcotic drug law violations is collected and analyzed in Florida according to specific drug categories and by sale or possession violations. Evaluation of arrest data reported for the year 1986 disclosed that 20.4 percent of all persons arrested for narcotic drug law violations were under the age of 21. Persons under age 18 accounted for 7.2 percent of all persons arrested for narcotic drug law violations. A breakdown of arrests by type indicates that 77.2 percent were for possession violations and 22.8 percent were for sale violations. Analysis of individual drug categories (sale and possession together) showed that the highest percentage of all arrests, 50.5 percent, involved cocaine. The lowest percentage of arrests occurred in the methadone narcotics category, amounting to 0.1 percent of the total reported narcotic arrests. Reported arrests for narcotic drug law violations showed an overall numeric volume increase of 12,552 arrests, or a 28.4 percent increase over the year 1985.

GAMBLING ARRESTS

Arrests for gambling offenses during the year 1986 amounted to 0.2 percent of all reported arrests for Part I and Part II offenses. Males accounted for 87.7 percent of those persons arrested for gambling offenses. Persons under the age of 18 made up only 1.8 percent of all gambling arrests. The age category 30 to 34 made up 15.0 percent of all gambling arrests.

Total reported arrests for gambling offenses during the year 1986 decreased 7.7 percent from the year 1985.

LAW ENFORCEMENT PERSONNEL

LAW ENFORCEMENT PERSONNEL KILLED OR ASSAULTED

The Florida Uniform Crime Reporting Program requires the monthly compilation of statistical information relating to law enforcement officers killed in the line of duty and the number of assaults made on law enforcement officers.

The killing or assault of a law enforcement officer is an increasingly serious problem faced by the law enforcement administrator and should be of the gravest concern to the public at large. Such acts directly affect the functioning of proper law enforcement operations and thus reduce the ability of our law enforcement agencies to combat crime and maintain law and order. It is a deplorable situation when those persons who have chosen a career in law enforcement must assume the risk of being killed or assaulted by a member of the society they have sworn to protect.

LAW ENFORCEMENT OFFICERS KILLED

Six law enforcement officers were feloniously killed in the line of duty during 1986. This is four more than were killed in 1985. From 1984 through 1986, there have been 14 officers killed in the line of duty. Five of the 1986 offenses have been cleared by arrest or by exceptional means and one is still under investigation.

On January 28, 1986, a Sergeant with the Bay County Sheriff's Office was killed with a .38 caliber handgun while responding to a suspicious person call.

On June 3, 1986, an officer with the Opa Locka Police Department was killed with a .357 Magnum while responding to a suspicious person call.

On June 25, 1986, a patrolman with the Sweetwater Police Department was killed when he was struck by a pickup truck while assisting the Florida Highway Patrol at a roadblock after a lengthy chase of the truck.

On September 23, 1986, a deputy with the Indian River County Sheriff's Office was killed with a .380 automatic pistol while responding to an unknown problem in which the caller hung up the phone after dialing the 911 emergency number.

On September 27, 1986, a patrolman with the Palm Bay Police Department was killed with a .357 Magnum after advising that he would be out on foot with several males. No assailant was identified or charges made in this incident.

On November 6, 1986, a patrolman with the Hialeah Police Department was killed with a .38 caliber revolver while responding to a suspicious person call.

Five victims were killed from a range of less than 5 feet, and one was killed from a range of 10 feet.

The officers killed had 7 years, 2 years, 2 years, 7 years, 1 year and 6 years of law enforcement experience respectively. Their ages were 37, 29, 44, 29, 22 and 27. The ages of the suspects were 37, 22, 18, 37, 22 and 21. The times of occurrences were 12:15 a.m., 2:38 a.m., 7:40 p.m., 3:08 a.m., 4:15 a.m. and 5:47 p.m.

ASSAULTS ON LAW ENFORCEMENT OFFICERS

The attitude of disrespect for law enforcement officials and the failure of citizens to come to the aid of the officers being attacked as they attempt to perform their lawful duties is one of the serious problems facing law enforcement today. A total of 7,289 assaults on state, county and municipal law enforcement officers in Florida was reported during the year 1986. This represents a 15.4 percent increase over the 6,319 assaults reported for the year 1985. While every assault does not result in personal injury to the officers involved, many of them did result in physical harm to the officer and loss of duty time in many cases. During 1986, 1,512 or 20.7 percent of these assaults resulted in personal injury to some extent, while 1985 showed a 20.9 percent physical injury rate.

ASSAULTS ON STATE CORRECTIONAL OFFICERS

Correctional officers are in constant danger of injury and even possible death due to their direct involvement with various levels of dangerous criminals in the inmate population. Their continuous association with these inmates while performing their duties and responsibilities can sometimes result in their being attacked. A total of 393 assaults were reported on state correctional officers during 1986. This represents an 8.8 percent decrease from the 431 assaults reported for the year 1985.

Correctional officer data are not included in the tables and charts of this section. The reason is that they cannot be placed in the general population base since they are affected only by those persons within the facility in which they work.

LAW ENFORCEMENT EMPLOYEE DATA

The Florida Uniform Crime Reporting Program, in addition to collecting basic offense and arrest information, provides for the annual compilation of statistical information relating to law enforcement employees.

Specific information concerning the number of law enforcement employees reflects that there were 42,776 full-time sworn and civilian employees as of October 31, 1986. This reflects an increase of 5.3 percent over the 40,631 reported as of October 31, 1985.

In 1986, the average number of full-time law enforcement employees including civilian personnel, amounted to 3.7 employees for each 1,000 inhabitants of the State, which is a 2.8 percent increase over the 1985 rate. The rate based on sworn personnel only (excluding civilian employees) amounted to 2.2 per 1,000 population, which reflects no change over the 1985 rate. The reader is reminded that the employee rates, expressed here and within the various charts, should *not* be construed as representing recommended ratios for Florida law enforcement agencies. These rates do not take into account the previously mentioned factors and merely represent an average.

LAW ENFORCEMENT EMPLOYEE RATES

The rate of law enforcement employees per 1,000 population in any given community is influenced by a number of factors, much the same as the crime rate. Employee rates differ among agencies since, in particular, there is a wide variation in the responsibilities and level of activity with the various law enforcement agencies. The determination of law enforcement strength of a given county or municipality is based on factors such as population density, size and character of the community, geographic location and other conditions which exist in the area generating the need for law enforcement services.

The relative stability of population factor, for instance, is particularly evident in Florida, with its numerous resort areas having mobile and seasonal populations. Obviously, the need for law enforcement services in such areas is different from that of locales with a relatively fixed population.

COUNTY SHERIFF'S DEPARTMENTS

As of October 31, 1986 there were 19,814 persons (sworn and civilian) employed full time in Florida's 66 countywide law enforcement agencies (Office of the Sheriff—Jacksonville is included in the municipal figures). Of these, 9,760 were sworn sheriffs and deputies amounting to a rate of 1.7 sworn personnel per 1,000 population, reflecting no change from the rate of sworn officers in 1985. The 1986 civilian employees constitute a rate of 1.8 employees per 1,000 estimated population. The computation of the personnel ratios is based on the estimated population of the unincorporated areas of the counties and not on the entire county estimate.

In an attempt at comparisons of employment levels of individual sheriff's departments with other agencies, consideration must be given to certain functions that are peculiar to a sheriff's department. In addition to their active role in criminal matters, they may serve civil process, administer major jail facilities and furnish a bailiff staff for the courts. These functions are usually performed by sworn personnel, thereby presenting a misleading picture of the actual enforcement strength of the department.

MUNICIPAL POLICE DEPARTMENTS

Of the 18,314 full-time employees (sworn and civilian) employed by 284 municipal police departments in Florida as of October 31, 1986, 13,248 were sworn personnel. This amounts to a rate of 2.2 sworn personnel per 1,000 estimated inhabitants. The number of municipal sworn employees increased 3.6 percent from 1985, and the rate reflected no change from the 2.2 per 1,000 population in 1985. The 5,066 civilian employees constituted a rate of 0.9 employees per 1,000 population. This does not include the state law enforcement, university and county school police, airport police or Seminole Indian Reservation employees.

AIRPORT POLICE DEPARTMENTS

Of the 114 full-time employees (sworn and civilian) employed by the four airport police departments in Florida as of October 31, 1986, 104 were sworn personnel. There is no rate calculated since there is not a permanent population base at airports. The number of airport sworn employees increased 4.6 percent from 1985. The airport police departments had 10 civilian employees as of October 31, 1986 and this reflected a 25.0 percent increase over the number of 1985 civilian employees.

SEMINOLE INDIAN RESERVATION

This agency had 29 employees (sworn and civilian) as of October 31, 1986. Of these, 22 were sworn and 7 were civilian. The number of sworn employees increased 29.4 percent while the number of civilian employees decreased 12.5 percent.

UNIVERSITY AND COUNTY SCHOOL POLICE DEPARTMENTS

There were 431 employees (sworn and civilian) employed by the nine universities and two county school police departments as of October 31, 1986. This was a 5.9 percent increase over the number employed in 1985. The sworn employees amounted to 319 and there were 112 civilian employees. The number of sworn employees decreased 0.3 percent over 1985 and the number of civilian employees increased 28.7 percent over 1985.

STATE AGENCIES

As of October 31, 1986 there were 4,074 persons (sworn and civilian) employed full-time in the five state agencies contributing to the UCR Program. This number constituted a 2.1 percent increase over the number of employees for 1985. There were 2,538 sworn employees and 1,536 civilian employees during 1986, reflecting a decrease of less than 0.1 percent in the number of sworn employees and a 5.9 percent increase in the number of civilian employees. Rates are not calculated for state agencies.

SEX OF LAW ENFORCEMENT EMPLOYEES

The year 1972 represented the first year that information was collected on a statewide basis concerning the sex of sworn and civilian full-time employees. Male and female breakdowns are now required on both civilian and sworn employees as well as the total law enforcement employees. As of October 31, 1986, males constituted 72.4 percent of all employees while there existed 27.6 percent full-time female employees. Of the sworn personnel, 91.1 percent were male and 8.9 percent were female employees. These sworn rates differed markedly from the staff function rates as males made up 43.4 percent of the civilian employees while 56.6 percent were females.

LAW ENFORCEMENT OFFICERS KILLED
1984-1986

YEAR	1984	1985	1986
Number of Officers Killed	6	2	6

*The data reflected in this publication is by geographic jurisdiction and is not intended to depict an individual law enforcement agency's activity. Sheriff's office totals include the activity occurring within those incorporated jurisdictions who do not report directly to the Uniform Crime Reporting Program. The county totals reflect all UCR data submitted on activity occurring within that county.

*The data reflected in this publication is by geographic jurisdiction and is not intended to depict an individual law enforcement agency's activity. Sheriff's office totals include the activity occurring within those incorporated jurisdictions which do not report directly to the Uniform Crime Reporting Program. The county totals reflect all UCR data submitted on activity occurring within that county.

GLOSSARY OF TERMS

ADULT—For Florida Uniform Crime Reports purposes, a person age 18 or above.

ARREST RATE—The number of arrests reported for Part I and Part II offenses for each unit of population, generally per 100,000. Arrest rates are computed for communities with varying populations by dividing the number of Total Arrests by the population and multiplying the answer by 100,000. (Example: 500 Total Arrests ÷ 10,000 population × 100,000 = 5,000 Arrest Rate.)

CLEARED BY ARREST—For crime reporting purposes, an offense is cleared by arrest or solved when at least one person is (1) arrested, (2) charged with the commission of the offense and (3) turned over to the court for prosecution.

CRIME FACTORS—Conditions which affect the amount and type of crime that occurs in a geographical area. (See page 4 Summary for the list of Crime Factors.)

CRIME INDEX—The sum total of seven major offenses used to measure the extent, fluctuation and distribution of crime in a given geographical area. Crime classifications used in the Index are: Murder, Forcible Rape, Robbery, Aggravated Assault, Burglary, Larceny and Motor Vehicle Theft. Each of these offenses is referred to as an "Index Offense".

CRIME RATE—The number of Index Offenses reported for each unit of population, generally per 100,000. Crime rates are computed for communities with varying populations by dividing the number of Index Crimes by the population and multiplying the answer by 100,000. (Example: 500 Index Offenses ÷ 10,000 population × 100,000 = 5,000 Crime Rate.)

EXCEPTIONAL CLEARANCE—A crime solution or clearance recorded when some element beyond law enforcement control precludes the placing of formal charges against an offender.

JUVENILE—For Florida Uniform Crime Reports purposes, a person under the age of 18..

NONRESIDENT OUT OF COUNTY, ARRESTED—An arrested person who resides within the State of Florida, but outside the county in which the arrest report is made.

NONRESIDENT OUT OF STATE, ARRESTED—An arrested person who resides outside the State of Florida, but committed crime(s) in the State of Florida.

NONVIOLENT CRIME—Consists of the Index Offenses of Burglary, Larceny and Motor Vehicle Theft.

PART I OFFENSES—The first of two main categories of crime classes composing a universal crime classification system established for crime reporting purposes. Part I offenses are by their nature more serious and/or occur most frequently. The tabulation of Part I offenses provides a count of "offenses known". (See page 3 for a listing of these offenses.)

PART II OFFENSES—The second of two main categories of crime classes composing a universal crime classification system established for crime reporting purposes. Part II offenses are generally less serious in nature and/or occur less frequently. Tabulations of Part II offenses are limited to arrest information only.

VIOLENT CRIME—Consists of the Index Offenses of Murder, Forcible Rape, Robbery and Aggravated Assault.
